It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone I could not sit on a chair without a cushion and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." ## YOUNG PEOPLE WITH A CIRCUS.

One of the Causes for the Popularity of the Sells & Downs Circus Is Its Young Blood.

"A striking feature of the Sells & Downs Circus is the number of young people with the show. This is particularly true of the women performers, who are all young and fresh looking. From the executive staff to the stars of the dressing tents, the people of the Sells & Downs Show are the most business like and best-behaved circus people that were ever in this city.

In other vocations many times young people displace other folks because they work for less salaries. This is not the case with the Sells & Downs Show. Of the 150 performers billed by Sells & Downs a majority of them are young, but they are paid higher salaries than any other circus of the past or present ever paid. This is an age of specialists with ring performers. The time was when a man or woman was paid according to the number of acts they could do. The more and daring the acts the higher the salary, and in some instances two or three could give the whole show. Not so now. When Sells & Downs contract with their performers, it is not a question of quantity, but of quality. They insist upon having the cream of the profession. If the performer can do only one act, but do it better than any one else in the whole wide world, then he is sure of a place with the Great Sells & Downs Show. As the older members of the profession depend upon the number and not the quality of their acts, it is easy to see why the younger persons who specialize are given the preference.

The general air of vigor, snap and ginger about the smooth running performance of the Sells & Downs Show is in a measure due to the young blood which Sells & Downs has infused into the circus business.

The Great Sells & Downs Show will positively exhibit for one day only in Barre, July 6.

## FAIRFIELD POND FAVORED.

Swanton Considering Sources of Improved Water Supply.

Swanton, June 27.—The report of Mr. Collins, the engineer engaged by the village trustees to investigate the different sources of water supply for the village, has been given out. The report practically dismisses the idea of using springs and brooks in the close vicinity of the town and leaves the choice between Lake Champlain and Fairfield pond, giving the latter the preference.

Using the lake would require another station, while a gravity system could be used if the water from Fairfield pond was selected. While the cost from the latter place would be more at the start, a considerable expense would be saved each year from doing away with present pumping station.

A supply from Lake Champlain by a pumping system is estimated to cost \$37,873. A supply from Fairfield pond by means of gravity will probably cost about \$60,000 with woden pipe, and \$75,000 with iron pipe.

## JOHN MATISON DEPORTED.

Violator of United States Immigration Laws Taken to Canada.

St. Albans, June 27.—John Matison, a Russian Finn, who has been serving a sentence of thirty days in the Washington county jail at Montpelier for violation of the United States immigration laws, has been deported to Montreal by Immigrant Inspector C. S. Forbes, of this city. Matison was arrested in this city March 15 for bringing three Danes into this country from Canada contrary to the United States immigration laws. He was indicted by the United States grand jury and pleaded guilty before Judge Hoyt H. Wheeler at the last term of the federal court and received a sentence which he has just finished. The Danes, who were smuggled into this country by Matison, have also been deported to Canada. All of these aliens were denied admission to the United States by the special board of inquiry before which they were taken in Montreal.

## WOMAN'S SYMPATHY.

Is Proverbial—The Barre Women Are No Exception.

How much we owe to the sympathetic side of womanhood! When others suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that you may profit by their experience. Read the testimony by this woman.

Mrs. C. H. White of 33 West Street says: "Not constantly but far too often to be pleasant, for a number of years I had severe attacks of backache. It was sometimes difficult to sit down and just as hard to rise, and despite the fact that I exhausted all my knowledge of simple household remedies all the results I ever obtained were merely temporary. I was in pretty bad shape for some time, suffering both day and night, when I was induced to go to E. A. Brown's drug store for a box of Doan's Kidney Pills. I knew after a dose or two that they were working directly upon the kidneys, and as I continued the treatment relief became more positive. When I finished it that particular attack disappeared. I found Doan's Kidney Pills so effective a remedy to kidney complaint that I am certain that any person annoyed with backache or any of the incident ills which follow in the wake of either weakened or overtaxed kidneys will find relief if not positive cure, if they take a course of the treatment."

Sold for 50 cents by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## CHURCH AND CLERGY.

An Epworth league chapter was recently organized at Ryland church, Washington, with a membership of seventy-five.

Rev. Dr. Ezra Tipple has been selected to succeed the late Dr. Upham as professor of pastoral theology in Drew Theological seminary.

Levi D. Farr, the minister of the Quakers in Los Angeles, married two divorced persons the other day and had to make public confession and ask forgiveness at the meeting next First day.

The Rev. Putnam Cady, pastor of Emmanuel Presbyterian church at Amsterdam, N. Y., has been chosen fellow in the Royal Geographic society of England in recognition of Mr. Cady's geographical discoveries in the land of Moab and on the eastern shore of the Dead sea.

The diocesan council of the Virginia Protestant Episcopalians formally resolved "that the total salary from all sources paid to the clergy of the diocese should not in any case be less than \$800 a year and a rectory for each clergyman." But the Rev. John Hansbrough of Orange thought that an unmarried clergyman could get along well (and keep a horse) on \$300 a year.
